PROFESSIONAL SUMMARY

Computer Systems Engineer with a multidisciplinary profile backed by certificates and diplomas: IT support and networking (CCNA, HelpDesk), cybersecurity (Google Foundations of Cybersecurity), generative AI and prompt engineering (112-hour Diploma), Scrum (certified Scrum Master) and digital marketing (digital communication and self-run online businesses). Experience in international banking, manufacturing and government, plus personal e-commerce and content projects. Postgraduate degree in Technology Management. Bilingual (native Spanish, B2 English).

WORK EXPERIENCE

Marelli — May 2026 – Jul 2026
Testing Technician — Tepotzotlán, Estado de México

- Ran functional tests on electronic circuit boards during manufacturing, before customer delivery and in post-delivery verification.
- Built and administered databases to track test results and repaired materials, designed to scale to other plant departments; backed up production data.

BBVA Technology America, S.A. de C.V. — Aug 2025 – Oct 2025
IT Support & Implementation Technician — Mexico City · Clients: Colombia, Venezuela, Spain

- Provided technical support to clients in Colombia, Venezuela and Spain in a 2-person team; used AWS services for infrastructure and deployment.
- Implemented biometric authentication (Face ID and fingerprint) and managed Linux user credentials to keep access secure.
- Contributed to Java development of the 'Blue' digital assistant; trained in AI, Gemini, data protection and code of conduct.

Junta de Conciliación y Arbitraje — Aug 2023 – Sep 2024
IT Technician (Social Service) — Cuernavaca, Morelos

- Resolved network connectivity issues across 50+ workstations; configured switches; preventive/corrective maintenance and first-level support.

Secretaría de Desarrollo Agropecuario (SEDAGRO) — Aug 2021 – Dec 2021
IT Intern — Cuernavaca, Morelos

- Structured cabling to switches, internet fault diagnosis, printer and peripheral setup.

Hayward and Burgers Camping — Jun 2024 – Aug 2024
Maintenance Assistant — Boston, USA

- General facility maintenance in a fully English-speaking environment.

PROJECTS

- **Smucky's by Chavamon · sportswear brand and online store** (2026 – Present). Sales on Mercado Libre with Instagram/TikTok traffic; site built with Firebase, FastAPI and Mercado Pago (Vercel/Render); business diagnostic and 90-day plan tracked in Excel.
- **EL CHAVATRIX · AI-assisted video channel** (2026 – Present). Vertical video published on 3 platforms; CapCut editing and a local 'AI_Video_Studio' workflow to automate editing.
- **NFC stands for Google reviews** (2026 · In development). UGC-style product mockups for cafés, cinemas and offices, with a partner.
- **PowerShell scripts for diagnostics and Windows Defender control** (Personal · 2026). Automated security checks of the workstation.
- **GitHub repositories and web portfolio** (2021 – Present). AI project (Python), Java (OOP), school management system (PHP) and web portfolios.
- **Upwork and Fiverr profiles · 3rd UNINTER Project Showcase** (2024 – 2026). IT and networking services.

EDUCATION

Universidad Internacional (UNINTER) — Postgraduate Degree in Technology Management · Online — Feb 2025 – Apr 2026
Universidad Internacional (UNINTER) — B.Eng. in Computer Systems Engineering · Cuernavaca, Morelos — Jan 2020 – Dec 2024

SKILLS

Support & networking: Help Desk, incident diagnosis, CISCO CCNA (OSPF, NAT, ACL), Packet Tracer, TCP/IP, switches, structured cabling, Windows, Linux, OpenSUSE, AWS (EC2)
Cybersecurity: Access control, biometric authentication, credential management, personal data protection, network security best practices
AI & development: Prompt engineering, generative AI (text, image, video), automation; Python (advanced), PowerShell, Java, JavaScript, PHP, HTML/CSS, C++, C#; Git & GitHub; VS Code; relational databases
Management & marketing: Scrum/Agile, phased planning, Excel metrics, social content, marketplaces, CapCut, Canva, Figma, Photoshop, Illustrator, Office (advanced)

CERTIFICATIONS & DIPLOMAS

Networking, support & cybersecurity: Foundations of Cybersecurity, Google/Coursera (Oct 2026) · Introduction to HelpDesk, Udemy (Sep 2026) · CCNAv7 Introduction to Networks (Jan 2023) and Enterprise Networking, Security & Automation (Dec 2023), Cisco/UNINTER · CISCO Advanced Enterprise Networks, 81 h (Nov 2024) · OpenSUSE Linux OS Fundamentals, EDUCBA/Coursera (Sep 2025) · Personal Data Protection, BBVA (2025)
Scrum, AI & communication: Diploma in Generative AI & Automation, 112 h, Top Learning (Sep 2025) · Scrum Master Certification (Jun 2025) and Introduction to Scrum Master Training (Jul 2025), LearnQuest/Coursera · AI Express and Gemini Express, BBVA (2025) · Digital Communication with Rich Media, 54 h (Oct 2023) and Interactive Web Communication (Nov 2022), UNINTER
Development & languages: Spanish (native), English (B2) · Git and GitHub, Google/Coursera (Apr 2025) · Python and Applied Robotics, UNAM (2021–2022) · Java Level 3, TR Network (Feb 2026)
